

BOARD VACANCY BABS SPECIAL EVENTS DIRECTOR

A successor is now sought for Derek Parmenter, to work alongside him, shadowing him in planning and delivering the 2020 Convention, and to take over thereafter.

The Special Events Director, a Board appointment, is responsible for Conventions, facilities at Harmony College and Prelims, the technical team and venue sourcing and liaison. The Director has a dedicated manager reporting in for each of the principal events, and behind each of them a team of experienced people taking responsibility for all key areas. The Director attends Board meetings and plays a part in the overall management of BABS.

The role of the Special Events Director is key in delivering these major BABS services to members, and the person appointed is likely to have had significant experience in the management of projects, the leadership of teams and managing outside suppliers.

The customer satisfaction from our members after attending BABS events is high, and very rewarding for the team that put it all in place.

If you would like to know more, and believe that you might have the necessary skills, please contact Pat Perridge, BABS Administration Director or Derek himself, or any other director before 31 May 2019. Applicants will be asked to submit a business and musical CV, outlining their past experience.
